72-Hour Bug-Out Bag Checklist

EOTWSG | MODULE 01 | REV 2026-09-22 | STATUS: SOURCE-VERIFIED ONLY

Authored by: EOTWSG

REVISION LOG

Date	Revision	Description
2026-09-22	REV 2026-09-22	Front-matter standardization: cover block, revision log, action card, and local fields added; source normalized to house Typst dialect.

ACTION CARD

Use this guide to a compact, offline checklist for assembling and validating a household evacuation kit for the first 72 hours after a disruption. Pack for the people, conditions, mobility limits, and routes actually relevant to your household.. Carry one copy in the master box and one copy in the working binder.

Step	Do this now	Completion check	Stop / escalate when
1	Confirm this copy is current: check the module ID (01) and REV date on the cover.	Module ID and REV noted on the working copy.	If the REV predates 2026-09-22, replace this copy before use.
2	Work through the Mission Profile section against your household's actual people, conditions, and equipment.	Section completed with household-specific entries; gaps flagged.	If a required capability is missing, flag it in the binder and resolve before the next drill.
3	Record completion, date, and any deviations in the working binder; schedule the next review.	Binder entry dated and filed.	If the household situation changes, re-run the guide.

PURPOSE AND ACTIVATION

Purpose: A compact, offline checklist for assembling and validating a household evacuation kit for the first 72 hours after a disruption. Pack for the people, conditions, mobility limits, and routes actually relevant to your household.

Activation triggers: utility failure, evacuation order, sudden service uncertainty, or a planned verification drill. This module is usable on its own; linked module IDs preserve the shared decision order from the master index.

Emergency Planning — Printable Tactical Checklist

Mission Profile

A compact, offline checklist for assembling and validating a household evacuation kit for the first 72 hours after a disruption. Pack for the people, conditions, mobility limits, and routes actually relevant to your household.

USE THIS IN THREE PASSES

1. Draft your kit list. 2. Physically stage and label the items. 3. Conduct a timed load-out and correct every failure.

Household Loadout

Person / role	Pack, size, or mobility note
Primary adult	**Name:** _____
Second adult / caregiver	**Name:** _____
Child / dependent	**Name and needs:** _____
Pet / service animal	**Carrier, food, medication:** _____
Medical / accessibility needs	**Critical accommodations:** _____

Core Checklist

Water & food **Shelter & clothing**

End-of-Life & Important Document Organizer

EOTWSG | MODULE 05 | REV 2026-09-22 | STATUS: SOURCE-VERIFIED ONLY

REVISION LOG

Date	Revision	Description
2026-09-22	REV 2026-09-22	Front-matter standardization: cover block, revision log, action card, and local fields added; source normalized to house Typst dialect.

ACTION CARD

Use this guide to this organizer helps a household locate critical records during illness, evacuation, incapacity, or death. It is an index and planning aid, not legal advice. Store copies securely, limit access, and consult qualified legal and financial professionals for binding decisions.. Carry one copy in the master box and one copy in the working binder.

Step	Do this now	Completion check	Stop / escalate when
1	Confirm this copy is current: check the module ID (05) and REV date on the cover.	Module ID and REV noted on the working copy.	If the REV predates 2026-09-22, replace this copy before use.
2	Work through the Purpose & Privacy section against your household's actual people, conditions, and equipment.	Section completed with household-specific entries; gaps flagged.	If a required capability is missing, flag it in the binder and resolve before the next drill.
3	Record completion, date, and any deviations in the working binder; schedule the next review.	Binder entry dated and filed.	If the household situation changes, re-run the guide.

PURPOSE AND ACTIVATION

Purpose: This organizer helps a household locate critical records during illness, evacuation, incapacity, or death. It is an index and planning aid, not legal advice. Store copies securely, limit access, and consult qualified legal and financial professionals for binding decisions.

Activation triggers: utility failure, evacuation order, sudden service uncertainty, or a planned verification drill. This module is usable on its own; linked module IDs preserve the shared decision order from the master index.

Preparedness Binder — Secure Records Index

Purpose & Privacy

This organizer helps a household locate critical records during illness, evacuation, incapacity, or death. It is an index and planning aid, not legal advice. Store copies securely, limit access, and consult qualified legal and financial professionals for binding decisions.

DO NOT RECORD SECRETS HERE

Use this workbook as an index. Do not write full passwords, PINs, recovery codes, or unprotected financial credentials in a portable binder.

Document Index

Document / record	Exists?	Secure location	Review date
Identification records	**Yes / no:** _____	**Location:** _____	**Date:** _____
Insurance policies	**Yes / no:** _____	**Location:** _____	**Date:** _____
Property / vehicle records	**Yes / no:** _____	**Location:** _____	**Date:** _____

SURVIVAL LIBRARY MASTER INDEX

EOTWSG | MODULE 00-INDEX | REV 2026-08-26 | STATUS: SOURCE-VERIFIED ONLY

AUTHORED BY: EOTWSG

ACTION CARD

Use this Master Index to find, activate, and verify any EOTWSG module in a printed archive. Carry one copy in the master box and one copy in the working binder. Update local fields and run a verification drill after any change in household, supplies, or location.

STEP	DO THIS NOW	COMPLETION CHECK	STOP / ESCALATE WHEN
1	Locate the printed master copy and working binder.	Master copy and working binder are physically present.	If either copy is missing or wet, stop and restore from off-site duplicate.
2	Identify the module ID needed (use the stable IDs listed in CROSS-REFERENCES).	Module file name and ID noted on a slip and placed in pocket.	If you cannot find the module by ID, escalate to the archive manager or restore from digital backup.
3	Copy Action Card for that module to the pocket ring.	Action Card is laminated or protected and on the pocket ring.	If no Action Card exists, stop — draft an Action Card before use.
4	Complete local fields (names, dates, locations, contact info).	All local fields filled; print date entered.	If critical local details are unknown (medical, evacuation), escalate to household decision-maker.
5	Schedule a verification drill or supervised practice.	Drill date recorded in EOTWSG MODULE G-01 and on local calendar.	If team cannot commit to a supervised practice within 30 days, escalate to household head for resourcing.

PURPOSE AND ACTIVATION

Purpose: Give a compact, printable master index to find and activate any EOTWSG module quickly. Activation triggers: utility failure, evacuation-in-place, sudden service uncertainty, or planned archive revision. This

Grid-Down Readiness Workbook

EOTWSG | MODULE 06 | REV 2026-09-22 | STATUS: SOURCE-VERIFIED ONLY
