ACTION CARD

Use this guide to this protocol creates a paper-first communications plan for family members during outages, evacuations, network congestion, or separation. It prioritizes predefined decisions over improvisation.. Carry one copy in the master box and one copy in the working binder.

Step	Do this now	Completion check	Stop / escalate when
1	Confirm this copy is current: check the module ID (02) and REV date on the cover.	Module ID and REV noted on the working copy.	If the REV predates 2026-09-22, replace this copy before use.
2	Work through the Purpose section against your household's actual people, conditions, and equipment.	Section completed with household-specific entries; gaps flagged.	If a required capability is missing, flag it in the binder and resolve before the next drill.
3	Record completion, date, and any deviations in the working binder; schedule the next review.	Binder entry dated and filed.	If the household situation changes, re-run the guide.

PURPOSE AND ACTIVATION

Purpose: This protocol creates a paper-first communications plan for family members during outages, evacuations, network congestion, or separation. It prioritizes predefined decisions over improvisation.

Activation triggers: utility failure, evacuation order, sudden service uncertainty, or a planned verification drill. This module is usable on its own; linked module IDs preserve the shared decision order from the master index.

Emergency Planning — Offline Contact & Rally Plan

Purpose

This protocol creates a paper-first communications plan for family members during outages, evacuations, network congestion, or separation. It prioritizes predefined decisions over improvisation.

THE RULE OF THREE

Maintain three ways to receive information, three ways to contact or signal, and three meeting options: nearby, across town, and outside the affected area.

Decision Protocol

If communication is available

If communication is unavailable

- ☐ Send one concise status message
- ☐ State location, condition, and next check-in
- ☐ Avoid repeated calls that congest networks
- ☐ Use the agreed channel hierarchy
- ☐ Follow the predetermined route or shelter plan
- ☐ Leave a written note only in the agreed safe location
- ☐ Travel with a partner when practical
- ☐ Do not improvise a new rally point without cause

SAFETY BOUNDARIES

WARNING - MODULE LIMITS

Do not perform medical, electrical, or structural procedures beyond this guide's stated limits. When in doubt, stop and consult qualified professionals. This guide is a preparedness aid, not a guarantee of safety. Follow current instructions from local emergency management and authorities.

- This module directs specific actions; those actions carry the safety limits stated above. Do not improvise beyond them.
- Use nonviolent de-escalation and withdrawal as the primary security response.
- If conditions exceed the household's capability, escalate to professional responders.
